# Project Overview

1. Rockbuster Stealth LLC is a movie rental company that used to have stores around the world. Facing stiff competition from streaming services such as Netflix and Amazon Prime, the Rockbuster Stealth management team is planning to use its existing movie licenses to launch an online video rental service in order to stay competitive.
2. Rockbuster Stealth's business intelligence (BI) department needs help with the launch strategy for their new online video service.

# Key Questions and Objectives:

1. Which movies contributed the most/least to revenue gain?
2. What was the average rental duration for all videos?
3. Which countries are Rockbuster customers based in?
4. Where are customers with a high lifetime value based?
5. Do sales figures vary between geographic regions?

# Recommendations

- Expand selection on highest revenue generating genres: Sports, Sci-fi, Animation
- India and China continue to dominate a significant portion of the market share. To cater to these regions effectively, prioritize offering subtitles in local languages. This strategy aims to enhance accessibility and ensure seamless viewing experiences for the audience.
- Conduct further research into the potential obstacles encountered by customers in India and China. Explore factors such as governmental regulations affecting media accessibility, disparities in cultural preferences, and variations in income levels.
- Discount least popular films or increase the price of more popular films.
